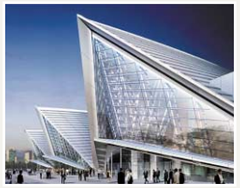
CONFERENCE VENUE

Host City: Incheon

Incheon is a major port city in Korea and is home to Incheon International Airport. Incheon is adjacent to the West Sea, which is dotted with numerous islands and islets that provide many marine tourist assets. It lies in a strategically important position for trade and cultural exchange with sea routes connecting Korea to the rest of the world.



Conference Venue: Songdo Convensia

Located at the heart of Incheon Free Economic Zone (IFEZ), Songdo Convensia offers facilities with the capacity capable of holding both major domestic and international conventions and exhibitions.

Transportation

Incheon Bridge has been completed and it takes only 20 minutes from Incheon International Airport to the conference venue.

EXHIBITION

The organizing committee of International Conference on Electrical Machines and Systems 2010 invites your company to be an exhibitor of ICEMS2010. The exhibition of the ICEMS2010 will be the perfect international showcase for your organization to present your latest technological developments and product innovations.

Conference Secretariat

KIEE (The Korean Institute of Electrical Engineers)
Room 901, Science & Technology Building, 635-4, Yucksam-Dong, Kangnam-Ku,
Seoul, 135-703 KOREA

ICEMS 2010

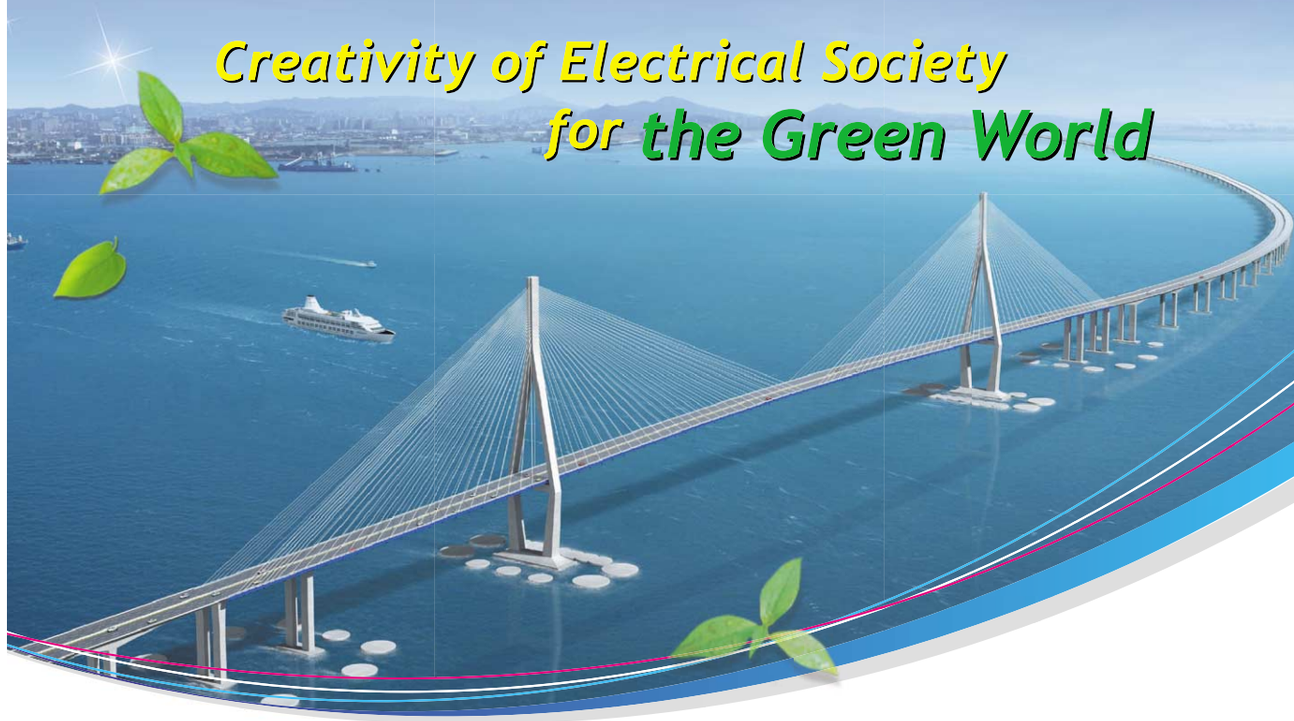
International Conference on
Electrical Machines and Systems 2010

October 10-13, 2010
Songdo Convensia, Incheon, Korea

Creativity of Electrical Society for the Green World



■ Organized by: KIEE (The Korean Institute of Electrical Engineers)
■ Co-organized by: CES (China Electrotechnical Society)
IEEJ (The Institute of Electrical Engineers of Japan)
■ Technical Co-sponsor: IEEE IEEE Industry Application Society

INVITATION

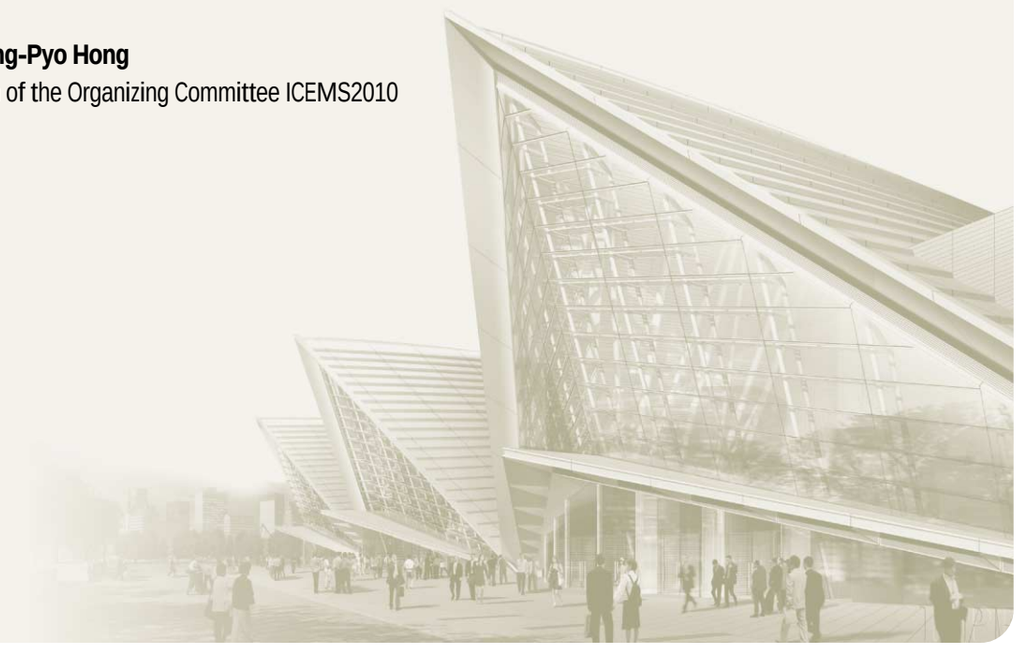
It is a great privilege for me to invite you to the International Conference on Electrical Machines and Systems 2010 which will be held during October 10-13, 2010 at Songdo Convensia in Incheon, Korea.

ICEMS has emerged from aspirations of enthusiastic scientific circles for open exchange of experiences and views in the field of basic research in electrical machines and systems. This is the third time for us to organize ICEMS in Korea. I believe that it has been developing continuously to be one of the greatest international conferences of scientists and technical experts eager to contribute their share to the progress in this area.

ICEMS2010 will strengthen the cooperative relationships among relevant organizations in this scientific gathering. We are working so hard for the most successful and memorable conference. Enrich the event with technical papers presenting your professional findings, practical experiences, and new ideas.

I encourage you to be a part of this conference and at the same time fill the autumn flavor of the Korean October, one of the beautiful seasons in Korea. I look forward to welcoming you in Seoul, Korea in 2010.

Prof. Jung-Pyo Hong
Chairman of the Organizing Committee ICEMS2010



CONFERENCE TOPICS

Main Topics

1) Power Converters/Inverters
2) Systems for Renewable Energy
3) Motor Drives
4) PM Machines and DC Machines
5) Induction, Synchronous Machines
6) Transformers and High Voltage Machines
7) Linear Machines
8) Special Machines and Their Applications
9) Field Analysis and Optimal Design Technologies
10) Others

Special Topic

- Electrical Technologies for the Next Generation Vehicle

SUBMISSION OF ONE PAGE DIGEST

All presented papers presented at ICEMS2010 will be included in the Conference Proceeding CD, posted on IEEE Xplore and be cited in EI (EngineeringIndex).

1. Prospective authors are required to submit one page digest (in MS Word or PDF) until **February 28, 2010**.
2. Two files, Digest Template and Instruction Details are provided for the preparation of your one page digest for ICEMS2010.
3. Digest should include all information considered necessary by the authors to demonstrate the technical merit of the paper.
4. Digests are to be submitted electronically on the website.
5. Acceptance notification will be informed by **April 30, 2009**.

IMPORTANT DATES

- **Submission of One Page Digest** ..... **February 28, 2010**
- **Acceptance Notification** ..... **April 30, 2010**
- **Submission of Full Paper** ..... **July 15, 2010**
- **Pre-Registration** ..... **July 15, 2010**
